

Pearls of Sharing

Complete each of the following within your first 30 days after your business launch to earn your complete Pearl Set. You can use the following script to text potential team members:

"Hey there _____, I wanted to see if you might give me your opinion of the MK biz, to help me w/ a promotion this month? It would be a quick 30 min. Q & A w/my director as she is helping me train and move up! I value you and I know you would ask really good questions. How about a favorite MK product at 1/2 off for your time? I actually think you might be a good consultant, but totally no pressure! You game?"
